

Dear Camper,

I would like to formally invite you to attend the 2010 Dinos Football Summer Development Camp which is taking place this year at the University of Calgary Campus. Again this year we will be offering three distinct programs, each designed to teach the necessary age required skills in a fun constructive manner.

Not only do we feel our camps offer valuable instruction opportunities but they also help us identify future Dinos. Kirby Fabien, Anthony Parker and Matt Walter all attended and learned from our summer program. All three were CIS All-Canadians in 2010.

Our camp is run by both current and former Dinos who know the value of passing on their knowledge and experience to future athletes. Our coaches will provide specific positional instruction to accommodate the level of each camper.

Register both on-line at: www.godinoss.com

Or by phone through Client Services at: **403-220-7749**

We look forward to seeing you on the field this summer. For additional information on each camp please view the document below. ↓
